### Corel® PaintShop™ Pro X4

As unlimited as your passion for photography

Corel® PaintShop™ Pro X4 gives passionate photographers more to love with hundreds of photo-editing features, a streamlined workspace, new pro-level effects and one-click sharing. Retouch photos faster. Create the perfectly exposed image or achieve a surreal, artistic effect with the HDR module. Remove distractions and combine the best elements from a series of shots with Photo Blend. Plus, have fun with the new Selective Focus feature and mimic expensive tilt-shift lenses to turn a scene into a miniature world. Managing and editing all your photos is easier with redesigned workspaces and dual monitor support. When you're ready to show your best photos, sharing to sites like Facebook® and Flickr® is just a click away!
